5X1A REMARKS

SOURCE

1. a. It was observed on 26 July 1949 that the narrow-gauge field tracks at the DESSAU (M 52/E 06) airfield had been removed. The extension of the concrete runway had apparently been completed. Individual labor groups were engaged in repairing the damaged taxiway and connecting taxi lanes.

- b. The reconditioning work on the two administration buildings on the DESSAU-ALTEN road was completed. Wooden cantonment buildings were being erected north of these buildings.

Comment: According to this report, which has not been confirmed by other sources, construction work at the DESSAU airfield is assumed to be nearing completion. According to a previous report, the work was scheduled to be finished by 15 July 1949. This target date seems to have been approximately met.
